

Re:

Launch Scheduling

Dear SHYC Members,

In order to maintain the same level of service here at Sanibel Harbour Yacht Club, we are asking you to make boat reservations as soon as you can to ensure that you get your desired launch times. Due to the size of the basin, the number of boats in the harbour at any given time is limited. Therefore, it is imperative that you arrive promptly at your requested splash time. If for some reason you are 1 hour late for your scheduled launch time your vessel will be removed from the basin and stored. You will have to re-schedule the launch if a time slot is available. As we enter our busy season here at the club, we look forward to a wonderful season, and to providing you the excellent level of service you are entitled to as Sanibel Harbour Yacht Club members.

Sincerely,

**Jon Smiley
Harbor Master**
