Tucked away along a well-maintained private road, this custom-built home, completed in 2004, is perched on a knoll overlooking scenic Nutter Cove. Set on 2.7 private acres, the property features a winding driveway that provides a peaceful approach and exceptional privacy from the road. Underground power preserves the natural beauty of the setting, while 261 feet of frontage on Nutter Cove offers an ever-changing coastal landscape.

The property also includes two versatile outbuildings: a 16' x 12' storage shed with a 16' x 4' covered porch and a 10' x 20' barn-style shed, providing ample space for storage, hobbies, or workshop use.

The approximately 1,400-square-foot cedar-shingled home offers seven well-designed rooms, including two bedrooms, a spacious open-concept great room combining the kitchen, dining, and living areas, a small office, a bonus room, and a loft. A balcony deck extends from the great room, capturing beautiful easterly views over Nutter Cove—an ideal place to enjoy your morning coffee while watching the first sunrise in the United States.

Designed with comfort and accessibility in mind, the home offers single-level living and is handicap accessible. The primary bedroom includes a private full bath with a walk-in shower, linen closet, stackable washer and dryer, and a convenient built-in ironing board. The second full bath features a walk-in soaking tub with tile surround, a vessel sink, and luxury vinyl plank flooring. Both bedrooms offer generously sized closets for excellent storage.

The spacious loft provides additional living space with storage tucked beneath the eaves, making it an ideal craft room, home office, library, or comfortable accommodations for overnight guests.

Efficient oil-fired forced hot air heat keeps the home comfortable throughout the seasons, while an on-demand hot water system provides energy-efficient convenience. The thoughtful floor plan and quality craftsmanship make this home equally suited as a year-round residence or a peaceful coastal retreat.

## Biography:

I started in the real estate business in 1996 while managing the Mom & Pop store my husband Bill and I owned. As a native Mainer, I have been sharing my knowledge of small town coastal living for over 25 years, first in my store and then in real estate. I am committed to providing my clients and customers with individualized service; sharing with them my knowledge of the area and the processes needed to achieve their real estate goals. I received The Graduate, REALTOR® Institute (GRI) from the National Association of Realtors, this is the mark of a real estate professional who has made the commitment to provide a high level of professional services by securing a strong educational foundation. I have served in numerous capacities on the local Board of REALTORS and was voted REALTOR® of the year in 2007. I specialize in residential and vacant land sales along the Downeast Maine Coast. ## REAL ESTATE BROKERAGE RELATIONSHIPS FORM

### Right Now You Are A Customer

Are you interested in buying or selling residential real estate in Maine? Before you begin working with a real estate licensee it is important for you to understand that Maine Law provides for different levels of brokerage service to buyers and sellers. You should decide whether you want to be represented in

a transaction (as a client) or not (as a customer). To assist you in deciding which option is in your best interest, please review the following information about real estate brokerage relationships:

Maine law requires all real estate brokerage companies and their affiliated licensees ("licensee") to perform certain basic duties when dealing with a buyer or seller. You can expect a real estate licensee you deal with to provide the following **customer-level services**:

- ✓ To disclose all material defects pertaining to the physical condition of the real estate that are known by the licensee;
- ✓ To treat both the buyer and seller honestly and not knowingly give false information;
- ✓ To account for all money and property received from or on behalf of the buyer or seller; and
- ✓ To comply with all state and federal laws related to real estate brokerage activity.

Until you enter into a written brokerage agreement with the licensee for client-level representation you are considered a "customer" and the licensee is not your agent. **As a customer, you should not expect the licensee to promote your best interest, or to keep any information you give to the licensee confidential, including your bargaining position.**

### You May Become A Client

If you want a licensee to represent you, you will need to enter into a written listing agreement or a written buyer representation agreement. These agreements **create a client-agent relationship** between you and the licensee. As a client you can expect the licensee to provide the following services, **in addition to** the basic services required of all licensees listed above:

- ✓ To perform the terms of the written agreement with skill and care;
- ✓ To promote your best interests;
  - For seller clients this means the agent will put the seller's interests first and negotiate the best price and terms for the seller;
  - For buyer clients this means the agent will put the buyer's interests first and negotiate for the best prices and terms for the buyer; and
- ✓ To maintain the confidentiality of specific client information, including bargaining information.

### COMPANY POLICY ON CLIENT-LEVEL SERVICES — WHAT YOU NEED TO KNOW

The real estate brokerage company's policy on client-level services determines which of the three types of agent-client relationships permitted in Maine may be offered to you. The agent-client relationships permitted in Maine are as follows:

- ✓ The company and all of its affiliated licensees represent you as a client (called **"single agency"**);
- ✓ The company appoints, with your written consent, one or more of the affiliated licensees to represent you as an agent(s) (called **"appointed agency"**);
- ✓ The company may offer limited agent level services as a **disclosed dual agent**.

### WHAT IS A DISCLOSED DUAL AGENT?

In certain situations a licensee may act as an agent for and represent both the buyer and the seller in the same transaction. This is called **disclosed dual agency**. *Both the buyer and the seller must consent to this type of representation in writing.*

Working with a dual agent is not the same as having your own exclusive agent as a single or appointed agent. For instance, when representing both a buyer and a seller, the dual agent must not disclose to one party any confidential information obtained from the other party.

**Remember!**  
*Unless you enter into a written agreement  
for agency representation, you are  
a customer—not a client.*

### THIS IS NOT A CONTRACT

It is important for you to know that this form is not a contract. The licensee's completion of the statement below acknowledges that you have been given the information required by Maine law regarding brokerage relationships so that you may make an informed decision as to the relationship you wish to establish with the licensee/company.

PROPERTY LOCATED AT: 125 Coffins Neck Road, Lubec, Me 04652**SECTION VI – FLOOD HAZARD**

For the purposes of this section, Maine law defines "flood" as follows:

- (1) A general and temporary condition of partial or complete inundation of normally dry areas from: (a) The overflow of inland or tidal waters; or (b) The unusual and rapid accumulation or runoff of surface waters from any source; or
- (2) The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually high water level in a natural body of water, accompanied by a severe storm or by an unanticipated force of nature, such as a flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event that results in flooding as described in subparagraph (1), division (a).

For purposes of this section, Maine law defines "area of special flood hazard" as land in a floodplain having 1% or greater chance of flooding in any given year, as identified in the effective federal flood insurance study and corresponding flood insurance rate maps.
